## 2021 Peaceland Zin

Zinfandel  
PeaceLand Vineyard  
Fountaingrove District AVA

The name of the Peaceland Vineyard comes from the translation of its owners' German last name—Friedland. The unique “tall-head” trained vines were planted in a wild fantasia of settings—steep hillsides, amidst groves of bay and live-oak, with stunning vistas of the city of Santa Rosa far below. The vineyard was ALMOST completely destroyed by the Tubbs Fire on Oct 9<sup>th</sup> 2017—it is now completely dry-farmed as all irrigation was destroyed along with about 50% of the vines.

Winemaker's Tasting Notes:	Deep spicy jammy berry, rich chocolatey oak, layers of loveliness! Juicy razzberry jam in mouth, bright acidity and good structure for aging. This baby packs everything that Zin should be and much more!
Harvest Date:	October 1, 2021
Average Brix at Harvest:	25.3°Brix (soaked)
Average TA/pH at Harvest:	0.85 gm/100ml      pH 3.15
